

G845 ELLIPTICAL

SportsArt ECO-POWR™ ellipticals are part of our green technology product line with integrated micro-inverters built in, and the first of its kind to harness the power of human energy and put it back into the grid. When plugged into a power outlet the human energy generated converts to utility-grade electricity, offsetting significant savings for the club owner.

- ECO-POWR™ Integrated Inverter
- Vari-Stride™ program works multiple muscle groups in one session
- MyFlex Plus™ pedal cushioning system provides a comfortable workout platform
- Energy Smart feature to minimize the energy consumption while product is in idle

UNIT WEIGHT

275.6 lbs / 125 kg

DIMENSIONS

79.5 x 31.1 x 68.1 in /
202 x 79 x 173 cm

RESISTANCE

40 Levels

STRIDE LENGTH

17 - 29 in / 43.2 x 73.7 cm

POWER REQ.

Plug In

USER WEIGHT

500 lbs / 227.3 kg

Readouts

Watts to the Grid, Human Watts, Level, Time, Distance, Calories, Strides/Min, Total Strides, Stride Length, HR, WT Loss HR, Cardio HR,

Warranty
